Mr. Thomas Crepeau, Manager  
Data Management Section  
Ohio Environmental Protection Agency  
Division of Solid and Hazardous Waste Management  
P. O. Box 1049  
1800 Water Mark Drive  
Columbus, Ohio 43266-1049

Dear Mr. Crepeau:

**REQUEST TO AMEND CLOSURE PLAN AND EXTEND THE TIME ALLOWED FOR  
CLOSURE OF THE TRANE THERMAL INCINERATOR**

In accordance with OAC 3745-66-12(C)(3), we request that Ohio EPA authorize amendment of the Closure Plan for the Trane Thermal Liquid Waste Incinerator. Enclosed is a copy of the amended plan and associated sampling and analysis plans. In addition, in accordance with OAC 3745-66-13(C)(2) we request an extension of the time allowed for closure. This will allow the schedule proposed in the amended plan to commence upon Ohio EPA approval of the amended closure and sampling and analysis plans.

In February 1990, your agency approved a Closure Plan for the Trane Incinerator (letter from R. L. Shank, Ohio EPA to J. A. Reafsnyder, "Closure Plan," dated February 8, 1990). After approval of the Closure Plan, the determination was made that the waste management unit also includes certain ancillary equipment and structures in the area of Plant 2/3 at the FMPC.

We consulted Mr. Paul Pardi of your agency for clarification on whether FMPC should submit an additional Closure Plan for the ancillary equipment (since the plan for the incinerator had already been approved). Mr. Pardi advised that the ancillary equipment should be closed under an amendment to the plan and, if needed, with a request for an extension of the time needed for closure.

We look forward to approval of the enclosed amended Closure Plan and our request for an extension of the time needed for closure.

If you or your staff has any questions, please contact David Rast,  
of my staff at (513) 738-6322.

Sincerely,

A large, stylized handwritten signature in black ink, appearing to read 'G. Westerbeck', is written over the typed name and title.

Gerald W. Westerbeck
